Xplode:

Your Academy, Supercharged

The complete mobile ecosystem built for modern cricket academies—simplifying operations, elevating coaching, and delighting parents.

The Reality Check

Running a cricket academy shouldn't feel like herding cats. Yet here we are.

Attendance Chaos

WhatsApp groups, paper registers, missed sessions—tracking who shows up is a daily headache that wastes valuable coaching time.

Feedback Black Hole

Video analysis stuck on your phone. Players forget corrections. Parents demand updates you haven't got time to send individually.

Progress Mystery

No clear records of improvement. Parents question value. Players lose motivation. Renewals become difficult conversations.

Communication Overload

Endless messages about schedules, fees, weather cancellations—drowning in admin when you should be coaching champions.

Meet Xplode

Two Apps. One Ecosystem. Zero Hassle

Xplode transforms academy management with a **mobile-first approach** that puts powerful tools in everyone's pocket—coaches, players, and parents alike.

No complicated software. No desktop dependency. Just smart, simple solutions that work the way you do.

Partner App: Your Command Centre

Instant Attendance

Mark attendance in seconds. Automated alerts to parents. Real-time session tracking across all batches.

Video Feedback Library

Record technique analysis, upload instantly, tag players. Build a progress archive every player can access anytime.

Performance Insights
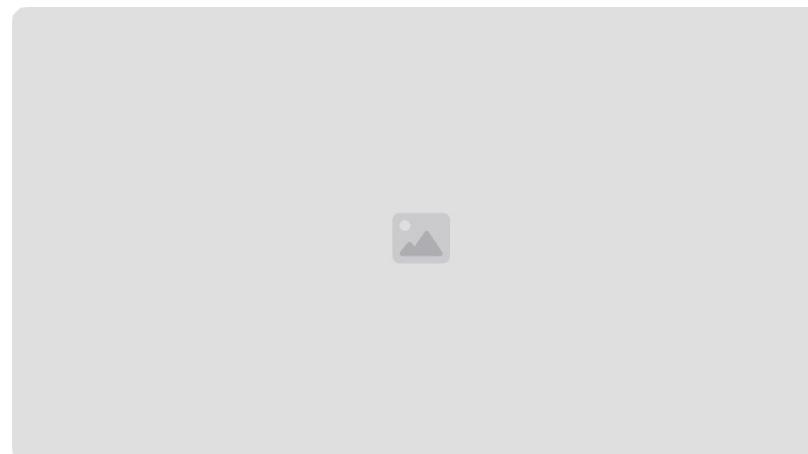

Track skills development, set milestones, celebrate improvements. Data-driven coaching that shows results.

Broadcast Communication

Push notifications for schedule changes, achievements, reminders. One message, everyone informed—instantly.

Player App: Their Personal Coach

Everything Players Need

Session history with attendance records at their fingertips

Personalised video feedback from coaches, reviewed anytime
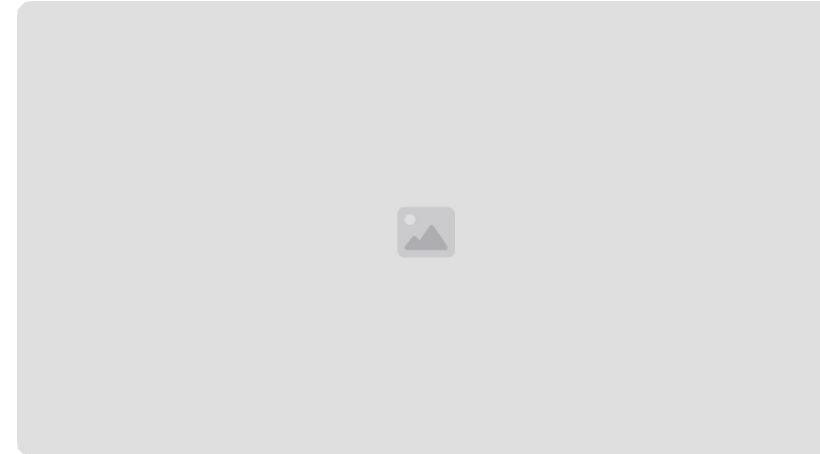

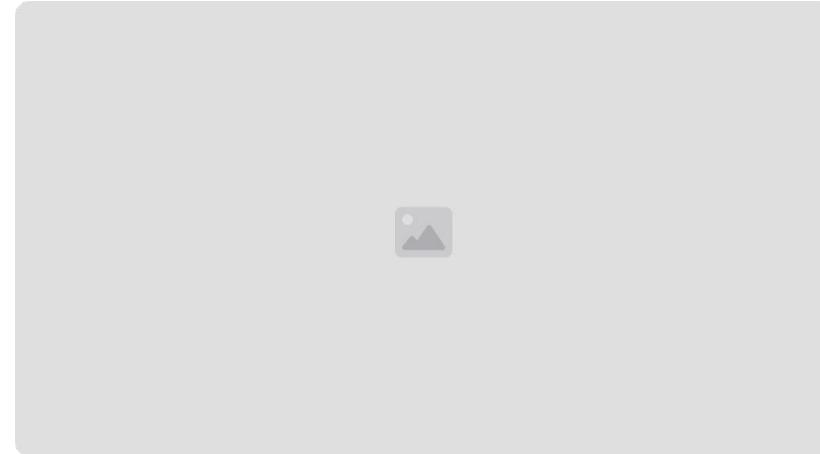

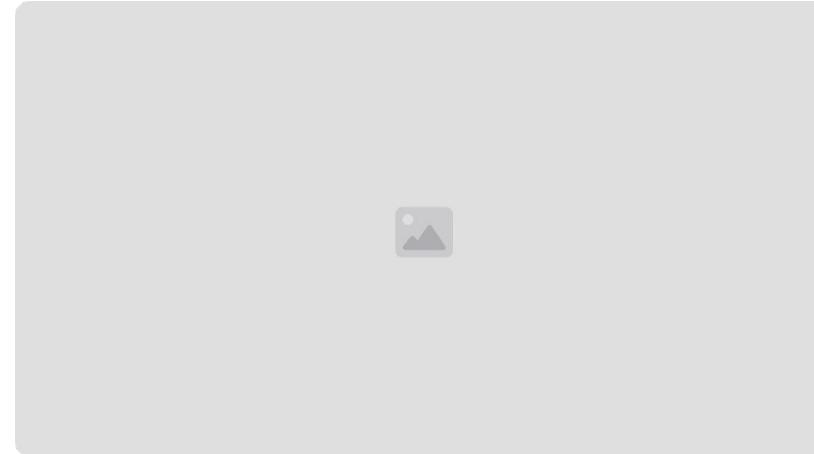

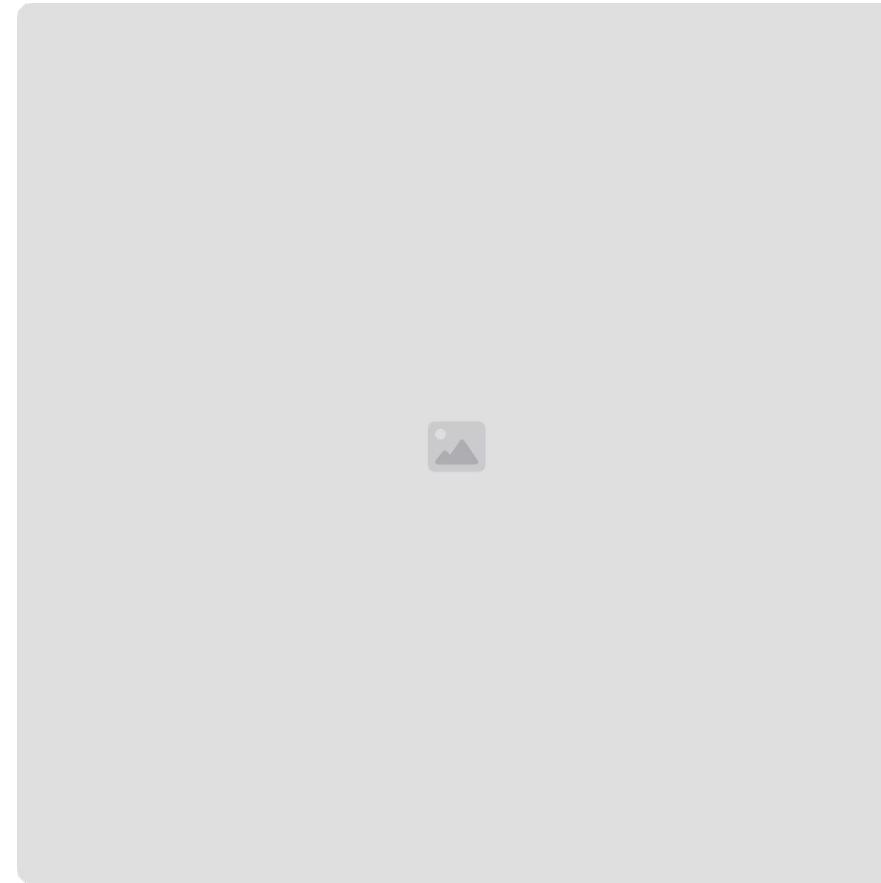

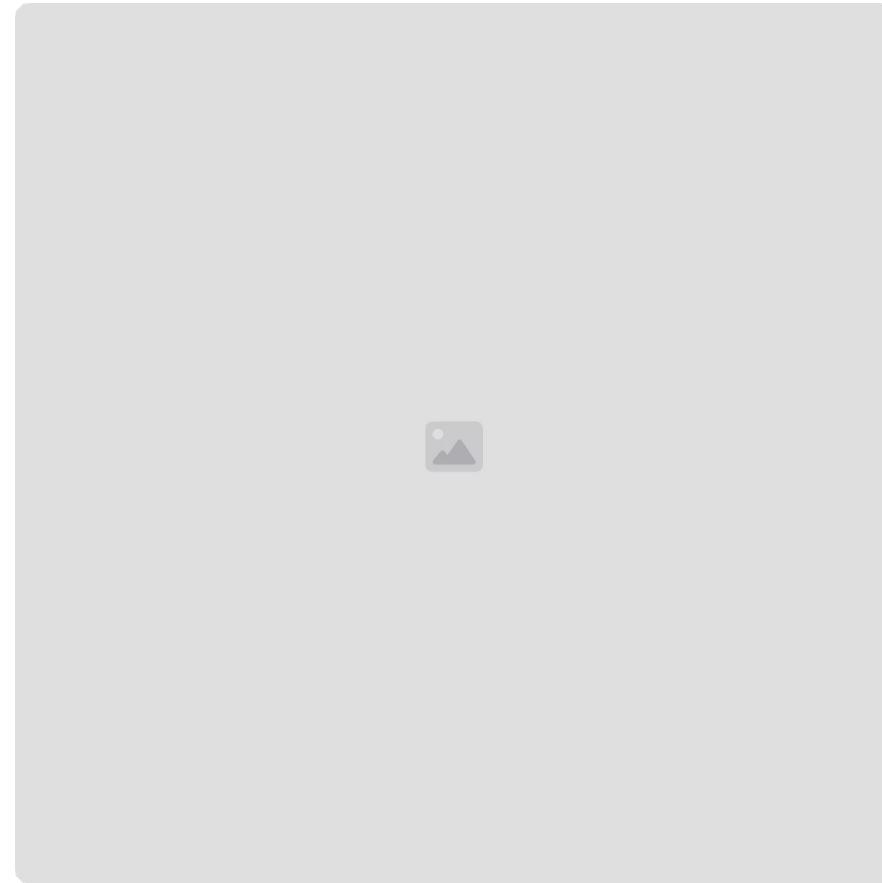

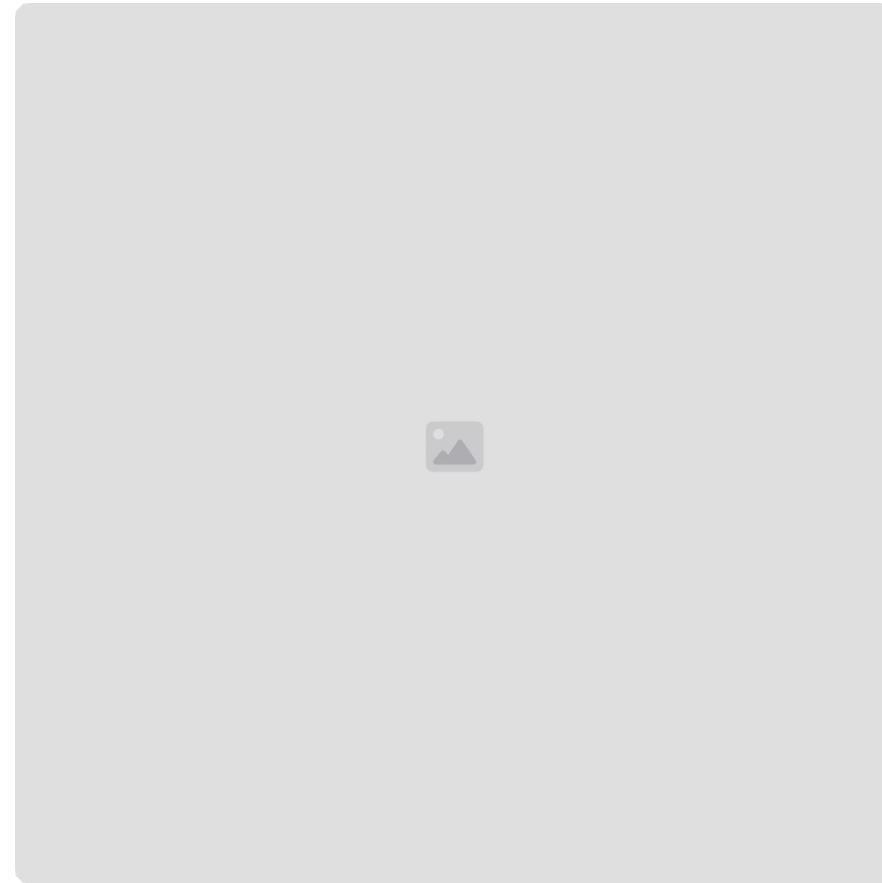

Progress dashboard showing skills development and achievements

Training reminders and academy announcements

Goals tracker to monitor improvement milestones

Parents see the same view—transparency that builds trust and justifies investment in their child's development.

The Xplode Difference

Mobile-First Design

Built for smartphones because that's where life happens. No laptops required, ever.

Cricket-Specific

Designed by coaches who understand the unique demands of cricket academy operations.

Instant Implementation

Set up in minutes, not weeks. Your team will master it before lunch on day one.

Real Impact, Measured

3hrs

Weekly Time Saved

Stop drowning in admin. Spend those hours on what matters—coaching excellence.

40%

Fewer Parent Queries

Transparency through the app means parents already have the answers they need.

95%

Attendance Accuracy

Real-time tracking eliminates disputes and ensures accurate billing every time.
